I would like to wish a warm welcome to the students of the College at Brockport and a welcome back to all of those returning. Since I cannot meet you all in person, I would like to reach out and introduce myself. My name is David J. Miller, and I am the Code Enforcement Officer/Fire Marshal for the Village of Brockport. Those of you that live off-campus inside the Village or visit local business establishments may see me around from time to time.

My responsibilities comprise of a multitude of tasks ranging from Fire Safety Inspections of businesses inside the Village to residential inspections of the dwelling units some of you occupy. As of now, the Village of Brockport requires that all Residential Rental Properties are inspected every 36 months. These inspections consist of a thorough examination of the building systems, including plumbing, mechanical, electrical, as well as the physical structure of the building. The purpose is to identify any hazards that threaten the safety and welfare of the occupants of the building, neighboring residents and the community as a whole.

As a resident of our community, your safety is paramount! If you have questions or concerns about any potentially hazardous conditions within your dwelling, I encourage you to reach out to your property manager and my department as soon as possible. We will then be able to ascertain the nature of the concern and address it appropriately. It is important to understand that normal property maintenance items should be brought to the attention of your property manager prior to contacting my office and any life-safety concerns should be directed to my department immediately.

I have an open door policy so please feel free to call my office or stop in between the hours of 8:30AM-4:30PM Monday through Friday. I look forward to meeting many of you throughout the year and if you have any questions, please reach out to me or any member of my staff.

Sincerely,

David J. Miller

Code Enforcement Officer/Fire Marshal
