

Minutes

To: Code Review Committee Members

Village Clerk

Date: 27 July, 2015

Re: Meeting of 06/22/14

by Art Appleby

6 pm, Village Hall

Members present: Appleby, Duff, Kristansen, Rich, CEO Miller, Trustee Kristansen

Minutes of 03/23/15 approved: motion by member Duff second by member Rich, approved.

Discussion to complete the committee's work on the Parks Law Proposal.

- Under Parks Committee Authorization and Duties: the committee wanted to reflect attorney's comments that the parks committee is an advisory committee to the trustees, not a Parks and Recreation committee. Therefore, we wrote "Authorization and Duties; The Parks Committee is an advisory committee to the Village Board and shall be authorized to fulfill the following duties:"
- Instead of "Smoking" in parks, the committee chose to address "Tobacco Use" declaring parks to be tobacco free.
- Since the Village is not interested in scheduling public use of parks, nor in charging for said use, the reservations section was deleted.
- The stipulations under Parking are taken from the Village Code Parking section, Ch. 34.
- Under G. Prohibited Acts, section 5, the committee chose to prohibit the use of bicycles, skateboards and other conveyances within the parks rather than just prohibiting reckless behavior. This was done because of the difficulty of policing reckless behavior.
- The committee chose to prohibit firearms of all sorts.

The resulting draft will be returned to the Parks Committee for review.

Meeting adjourned 7:15 pm. Next meeting on July 27, 2015
