**Re:** meeting of 01/25/11

---

Village hall, 6 pm

Members present: Appleby, Bush, Donovan, Fox, Kristansen, CEO Zarnstorff, Trustee Hannan

Approved minutes of 12/28/10.

## Trees

- Scott reports that Margay Blackman has brought up the possibility of easements to village owned trees, and is not in favor of giving trees to land owners. Scott suggests a written agreement with the land owner. Art suggests letting the practice become a policy, not a law. Carol suggests not doing set-back trees at all, but to concentrate on trees in the ROW or on public land. Committee decided to make Carol's idea their recommendation and to take other language out of the draft Tree amendments.

## Parking Passes

- Committee agrees that the regulations and application look alright. Note that the passes apply only to the hours of 2-7 am. Scott will add this language to the application. Costs to the residents are arbitrary so far. The committee deleted and changed to costs based on expenses. The hang-tags can be made in-house. The committee's recommended prices are as follows: resident - \$25, employee - \$30, business - \$40, commercial vehicle - \$50, motorcycle - \$25, additional vehicles - \$5 each, max. three per owner, transfer of permit - \$10.
- Committee went through the parking draft for Art's grammatical comments.

## Housing conversion moratorium

- After the public hearing on the moratorium, CRC will be able to suggest changes to chapters 36 and 58, either in answer to trustee requests or as part of our review of ch. 58.
- How to approach ch. 58, Scott suggests scrapping the old and starting with a template borrowed from another village. He will share on-line links and/or text at the next meeting.
