MOMENT OF SILENCE: to honor those who serve our Country, enforce our laws, & respond to emergencies

ANNOUNCEMENT: COVID 19 update from Mayor Blackman – Daily I have participated in a phone conference from the regional office of Governor Cuomo with updates on the coronavirus. I want to share the latest with you as well as the measures village government is taking.

As of March 16, there are 950 cases of COVID-19 in NYS which is the largest # of any state. 17% of those people are hospitalized. There have been 7 deaths. Most of the cases are in NYC and Westchester County, but daily more counties are added. And we know these numbers will only increase.

That is why Governor Cuomo has taken dramatic actions to limit social contact and the spread of the disease. One of the main concerns with limiting the spread is hospital capacity and number of ventilators. By slowing the spread we don’t overwhelm the health care system. NYS has joined with Connecticut and New Jersey to implement identical procedures, including limiting crowd capacity for social and recreational gatherings to 50 people.

Accordingly, we have been asked to limit our workforce to only essential employees for the next two weeks. Additionally as of 8pm tonight, restaurants and bars will close on premise services and move to take-out and delivery (waiver for carryout alcohol). Movie Theaters, gyms and casinos will close temporarily at 8pm tonight.

WHAT THE VILLAGE IS DOING—our goal is to continue to effectively and efficiently serve the public while taking the necessary measure to slow the spread of the virus.

According here’s what we’ve done in regard to the operations of village government. All of this is on the Village’s website and FB page.

CLERK REPORT: none

• SEYMOUR LIBRARY REPORT: (VB meeting the 3rd Monday of each month)

  o Trustee Crane reported on behalf of Taysie Pennington-

  ▪ Virus response: the library is closed to the public until further notice. Staff will report to work until the Board meets and makes a decision about what to do. Will be discussing at board meeting: staffing, patron services offered and library responsibility to the community related to the virus.

  The Library Board is now full. All municipalities are represented. Committee work has been assigned. March 18 mtg will be held with some creative seating.

2
Transfer (fiscal) is nearly complete. Christa liquidated the CDs. The check from the foundation has been mailed to her for approximately $103,000. Foundation awaiting total amount to transfer from Patty Hayles and Attorney Olsen.

The Library is also working on LED pendant lighting and scheduling an energy audit. The AUD 990 in process. Part 1 has been submitted by Freed Max. The Library Director is awaiting financial info to complete his portion. The Board will select a firm to do the library Audit at Wed meeting and proceed from there.

• DEPARTMENT REPORTS: (VB meeting the 3rd Monday of each month)
  o Treasurer – Daniel P. Hendricks
  External Audit for fiscal year ending 5/31/19:
    ▪ In your packet you have the external audit report for period ending May 31, 2019. No surprises. The village continues to be in a good financial position. Our general fund balance is about two million dollars. That allows us some flexibility, especially with what we are now facing. The report gets into our pension liability; it’s complicated. We are not expected to fund it up front, all that information is contained in the report.
  
    ▪ The financial reports ending February 29th are also included, no budget transfers or amendments. Fiscal year is starting to wind down, three months to go. In regards to the proposed budget, I talked to the Mayor a little bit this morning. This is unprecedented territory. Things are changing so fast, it is impossible to get your arms around it. The concern isn’t the expense side of the budget, it is the revenue side. Sales tax and interest income will be affected. This is nothing we can plan for. Discussion around reducing expected revenues in proposed budget. Treasurer Hendricks has spoken to department heads to say we will have to reduce where we can and keep an eye on expenses, because there is so much we don’t know. We will have to be flexible and realize we may have to make reductions throughout the year. Recommendation to stay with the proposed tax levy.
  
    ▪ 6/1/20-5/31/21 proposed budget – notice calling for 7pm 4/6/20 public hearing –
    → Mayor Blackman moved, Trustee Kristansen seconded, carried 4/0 to hold a public hearing on the budget on Monday, April 6, 2020 at 7pm.

2019 UNYMWC – workers comp – surplus refund –
  ▪ Also included in your packet is the workers comp surplus refund projecting about $55,000. It is a little over half of what we pay in premiums. And a letter to employees is included regarding the United Way campaign, encouraging employees to participate, which we do every year.

  o Building / Zoning / Code Enforcement – BI/CEO Chad H. Fabry
  ▪ BI/CEO Fabry shared the following:
    ▪ A few issues to address from property owners. One from Mark Renard, of 85 High Street, who submitted a letter of complaint against the code department after conducting a property inspection, noting some problems, including an unsafe deck and electrical concerns. Fabry explained each complaint and responded to each. Mayor Blackman asked if we have provided a letter addressing these items. Fabry said Renard has been given a notice to correct and seemed amenable. Fabry will follow up with him after this discussion and address his emailed concerns directly and will clarify some paperwork confusion with rental registrations over the last two-three years.
• Terry Merschem from the Brockport United Methodist Church complained about the invoice for the required fire inspection, as we send everyone, because the church has never been billed before. Fabry said that previous BICEO were not charging, but in our code, there is no exclusion for churches to pay that fee. Our code does not say I don’t have to charge them. It is not up to me to decide who to charge. The church is asking for relief from the fee and I told him the best place to ask that question would be a village board meeting.

Board discussion around excluding 501(c)3 organizations from the fees. Every organization is paying for a service, albeit mandatory, to inspect the building and ensure the safety of the building. The board agrees they are all on the same page to continue as is.

- Police – Police Chief Mark T. Cuzzupoli - Excused
- Public Works – Superintendent Harry G. Donahue
  - Spt. Donahue shared the following:

    ▪ Trustee Crane provided the following report:

On March 5th, I attended the Zoning Board of Appeals meeting. There was one application for a special use permit to operate a dog grooming business out of a residence. The business owner had been doing so at a different address within the Village, with no issues, but she moved and the previous permit does not transfer. The new permit was granted.

On March 6th, I attended First Fridays at the College.

On March 10th, I attended the COVID 19 meeting at the High School. It was very useful and informative, especially County Health Commissioner Dr Mendoza’s presentation. I encourage our residents who have not seen it to watch it online.
Lastly, while we’re all spending more time at home than usual, once you are done catching up on the laundry and doing your taxes, take a few minutes to go online and fill out the US Census. It’s important and will only take those few minutes.

I wish everyone health and safety.
