

2020 Greater Brockport CommUNITY Builder Award

The selection committee is wholeheartedly in favor of endorsing Dr. Heidi Macpherson for the inaugural Greater Brockport CommUNITY Builder Award.

Allan Berry nominated Dr. Macpherson and noted that not only has she participated in numerous local activities, she recognizes our close association and engages with the greater Rochester community as well.

Interim Brockport Central School District Superintendent, James Fallon, supported this nomination because Dr. Macpherson has always advocated for the Brockport School District by finding creative ways to collaborate with the college. In particular, she has opened up the college admission process during the COVID-19 pandemic.

A strong advocate for Dr. Macpherson's nomination was Mike Andriatch, Vice President for Advancement at Brockport College. He has witnessed this college president become an entrenched member of our community since her arrival in July 2015. In Mr. Andriatch's lengthy letter we came to learn of Heidi's past and recent achievements such as:

- Ensuring that Community Engagement is one of the four college strategic plan goals
- Co-chairing the Town-Gown Committee along with Mayor Blackman
- Actively volunteering with the Western Monroe Historical Society
- Encouraging a stronger role for the college in the Holiday Parade
- Participating in reading programs at the Seymour Library and Brockport Central
- Creating the highly successful Brockport Community Breakfast which annually hosts local business and community leaders
- Sitting on four boards of large community organizations (YWCA, United Way, Willow Domestic Violence Center, Greater Rochester Chamber of Commerce)
- President of Rochester Area Colleges President's Network
- Winner of 2020 ATHENA International Award
- Winner of 2018 Teddi Award from Camp Good Days and Special Times

The list continues as Mr. Andriatch also mentions that a colleague shared that Heidi is a "facilitator of creative thought" and that Mayor Margay Blackman spoke about Heidi's genuine friendliness and engagement with the community that is evident in many little actions as well.

Fifty-year Town of Sweden residents, Richard and Joan Fenton, penned a support letter listing many of the same community-minded actions. They have interacted with the past five college presidents and they feel Dr. Macpherson has been the one who was most committed to bringing the college and community together. They believe Heidi has displayed "significant new ways to strengthen the bonds of community" while still doing all the things a college president must do on campus.

Congratulations go to Dr. Heidi Macpherson and thank you to Dr. William Andrews for creating and funding this CommUNITY award.

Brockport Volunteer Ambulance Corps

People Taking Time to Care for People

January 28, 2021

Brockport Volunteer Ambulance Corps is proud to report that we are making great progress overcoming all the issues that have come our way. We had 665 calls for service in 2020 and we averaged 60 calls a month, even with the COVID-19 issues.

We had an issue with the Department of Health regarding the closing of the doors in 2017 but have worked out an arrangement with them and have surpassed all the goals that they gave us to attain in a very short amount of time. We will continue to report on our performance for 3 years, but we have no doubt that we will continue to perform exceptionally well.

Initially when COVA left and we were starting from scratch, we had 8 members. Today, we have 24 staff members; most are contractors who get paid per call they take, and our executive staff are all unpaid volunteers who donate hundreds of hours on the ambulance and in the office. We have 8 Board members and 4 Operations Officers.

Our Treasurer is a CPA and teaches accounting at RIT. As a Board we are very fiscally responsible and have paid off most of BVAC's old debts and have worked out payment plans for those remaining. We are operating in the black and have a good stream of income from service revenue. Our income is down slightly due to the college being out, resulting in a lower call volume, but we anticipate our call volume increasing again as students return to campus.

We have two ambulances on the road. Since both ambulances are aging, we are searching for grants and options to get one or possibly two new or used ambulances. We have budgeted for two new stretchers, two new defibrillators, and painting the exterior of the building.

It is our plan to resume ALS coverage in the future. New equipment, all the required drugs, and ALS personnel are being budgeted for in an effort to plan ahead for this expansion.

We are all immensely proud of the hard work that everyone has put into this organization, and we did it with a pandemic going on. Our people have transported several COVID-19-positive patients and have done so with professionalism and with proper regard for safety for all. We all wear gloves,

masks, and gowns as needed and we thoroughly sanitize ourselves, our ambulances, and our equipment after every call.

To learn more about us and to stay up-to-date, please visit our new website: www.brockportambulance.org. Using our website, patients can pay their bills, community members can make donations, and EMTs can apply to join the staff at BVAC. You can also find us on Facebook, and if you shop on Amazon, please select BVAC for Amazon Smile – navigating to smile.amazon.com will result in Amazon donating a portion of your payment to Brockport Volunteer Ambulance Corps, at no additional cost to you.

Thank you for your time and attention.

**RE: VILLAGE OF BROCKPORT CDBG APPLICATION 2021 SEQR
GLENDALE ROAD SIDEWALK PROJECT
MRB GROUP PROJECT No. 0231.18000.000**

Dear Mayor Blackman and Village Board Members:

We have reviewed the above referenced project with respect to the State Environmental Quality Review (SEQR).

Attached please find a State Environmental Quality Review (SEQR) form and resolution for the above referenced project. The project is considered an "Unlisted Action", as it does not meet or exceed the threshold contained on the Type I list and Type II list under SEQR regulations Section 617.4 and 617.5, respectively.

For your review and approval, enclosed please find the following documents:

1. A suggested resolution to be presented for consideration by the Village Board. The resolution expresses the Village Board's intent to: serve as the Lead Agency for the SEQR process on behalf of the Village of Brockport, accept the Environmental Assessment we have prepared, and to close the review of the project to comply with SEQR.
2. A copy of the completed Short Environmental Assessment Form (EAF). Please sign page 3 of Part 1 and page 2 of Part 3 following the approval of the enclosed resolution by the Village Board.

Please return a signed copy of the Short Environmental Assessment Form and resolution for our records.

Upon your review should you have any questions, please do not hesitate to call.

Sincerely,

Scott D. Mattison, P.E.

APPLICATION FOR FUNDING: PUBLIC WORKS/FACILITIES
GLENDALE ROAD SIDEWALK PROJECT

SEQR RESOLUTION – UNLISTED ACTION

- (i) there will not be a substantial adverse change in existing air quality, ground or surface water quality or quantity, traffic noise levels; a substantial increase in solid waste production; a substantial increase in potential for erosion, flooding, leaching or drainage problems;
- (ii) there will not be large quantities of vegetation or fauna removed from the site or destroyed as the result of the proposed Action; there will not be substantial interference with the movement of any resident or migratory fish or wildlife species as the result of the proposed Action; there will not be a significant impact upon habitat areas on the site; there are no known threatened or endangered species of animal or plant, or the habitat of such species; or, are there any other significant adverse impacts to natural resources on the site;
- (iii) there are no known Critical Environmental Area(s) on the site which will be impaired as the result of the proposed Action;
- (iv) the overall density of the site is consistent with the Village's Comprehensive Plan land use recommendations;
- (v) there will not be any adverse environmental/historical/archeological impacts associated with the proposed Action;
- (vi) there will not be an increase in the use of either the quantity or type of energy resulting from the proposed Action;
- (vii) there will not be any hazard created to human health;
- (viii) there will not be a change in the use of active agricultural lands that receive an agricultural use tax exemption or that will ultimately result in the loss of ten acres of such productive farmland;
- (ix) there will not be created a material demand for other Actions that would result in one of the above consequences;
- (x) there will not be changes in two or more of the elements of the environment that when considered together result in a substantial adverse impact; and
- (xi) there are not two or more related Actions which would have a significant impact on the environment.

BE IT FURTHER RESOLVED, based upon the information and analysis above and the supporting documentation referenced above, the proposed Action **WILL NOT** result in any significant adverse environmental impacts.

BE IT FINALLY RESOLVED, that the Village Board does hereby make a Determination of Non-Significance on the proposed development, and the Mayor is hereby directed to sign the Short Environmental Assessment Form Part 3 and issue the Negative Declaration as evidence of the Village Board's determination.

Part 2 - Impact Assessment**

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing: a. public / private water supplies?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
